

**REMARKS**

Claims 1, 2, 5, 8, and 10 stand rejected under 35 U.S.C. § 102(b) as being anticipated by Chang (U.S. Patent Application Publication Number US20010030953A1). The applicant respectfully disagrees with the Examiner's rejections set forth in the present office action. However, desiring to expedite the issuance of a patent for the present invention and in view of the Examiner's indications of amendments that would confer allowance, the applicants have amended the claims in accordance with the Examiner's suggestions. In particular, the text of claim 14 has been incorporated into claim 1. No remaining grounds for rejection or objection being given, the claims in their present form are asserted to be patentable over the prior art of record and in condition for allowance. Therefore, allowance of this case is earnestly solicited.

The Examiner is invited to contact the undersigned, if such communication would advance the prosecution of the present application. Lastly, please charge any additional fees (including extension of time fees) or credit overpayment to Deposit Account No. 502117 – Motorola, Inc.

Respectfully submitted,  
S. Sayeedi
